**Indiana Live Casino has joined  
 LAM Treatment Alliance  
 in the fight against LAM!**

Lymphangiomyomatosis (Lim FAN jee-o LYE-o MY-o ma TOE-sis), or LAM for short, is a rare lung disease that affects women of child-bearing age, usually in the prime of their life. LAM makes it increasingly difficult to breathe, as healthy lung tissue becomes overgrown with cysts. The disease is so rare it is difficult to get pharmaceutical company or government funding. We count on generous donations from our community to fund life-saving fast-track research. LAM Treatment Alliance is a 501(c)(3) organization formed to fund and drive research to find a treatment or cure for LAM.
